

WIRELESS DIGITAL CALIPER

- Accuracy higher than DIN 862 requirements
- Built-in Wireless data output module for data transfer to Windows PC or Android devices
- Data transfer distance up to 6/12 m (Windows/Android)
- Standard & Energy saving Wireless modes
- MDS Lite software for Windows PC or Android device for FREE
- Modification with self lubrication patented technology (Pat. UA 201707025)
- Resolution 5 µm
- CR1632 (3V) battery
- With thumb wheel
- Thickness of frame 3.5mm
- Automatic wake up by moving electronic
- Sleeping mode after 10 min non use
- With depth rod
- 100% metrological control
- ISO 17025 certificate for requirement

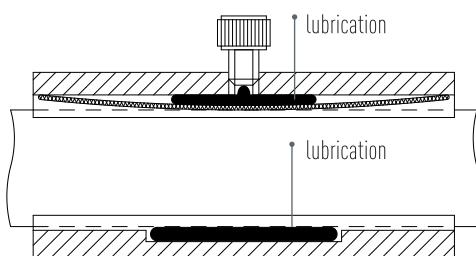

DESCRIPTION

SOFTWARE FOR Windows PC AND Android FOR FREE

Modifications with lubrication of guides for easy sliding

MICROTECH
