

TABLET HEIGHT GAUGE

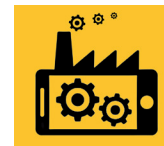

- Resolution 1 μm
- Built in computer with 5" touch screen
- Import/Export draws with checking points to PC or Cloud (Industry 4.0 ready)
- Export measuring results to cloud or PC (Industry 4.0 ready)
- Save measurement results in *.xls or *.csv.
- Voice mode, Graphical mode, Go/ NoGo function (limits)
- Infrared pyrometer and temperature compensation (optional)
- Mathematical error compensation
- 100% metrological control in accredited laboratory by ISO17025 (Ilac MRA)

DESCRIPTION

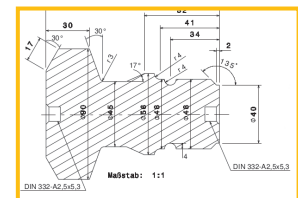

Collecting measuring data from MICROTECH Wireless instruments

Import data from Factory network

Import data from Cloud

Forwarding tasks (drawings, control points)

Saving data to xls. csv formats

Export data to Factory network

Export data to Cloud

WIRELESS data output module

METROLOGICAL CONTROL MICROTECH
